

## **The Official Directory of the Catholic Church in Australia 2022/2023**

The Directory, a 1 July publication, gives the rich picture of the Australian Church, listing all ACBC Committees and Secretariats; Diocesan information – parishes, schools and organisations; as well as Religious Orders and Catholic Organisations.

The Directory (900 pages) is an essential resource for all working under the Catholic Church umbrella – priests, pastoral associates, administration staff, principals, school librarians, CEOs etc.

With over 80,000 changes made annually, \$90.00 is a small price to pay for up-to-date information and the online directory, the companion to the print edition, is maintained every day.

In his *Word of Welcome* which is published at the beginning of the new edition (print and online), Archbishop Timothy Costelloe SDB, President, Australian Catholic Bishops Conference says, *I take this opportunity to thank Sally Heath and Christine Moore from the office of the National Council of Priests for their work in compiling the Directory with a care that goes beyond efficiency. It is a real service of information and communication within the Church and, to that extent, a gift to us all as we make our way through current upheaval, confident in the enduring presence of the Lord among us.*
