FOR IMMEDIATE RELEASE

CAMPION COLLEGE LAUNCHES EARLY OFFER SCHEME FOR PROSPECTIVE STUDENTS

Campion College Australia, an independent liberal arts college based in Western Sydney, has announced its Early Offer Scheme for prospective students interested in commencing their studies in 2024.

The Early Offer Scheme allows future students to fast-track their Letter of Offer, receive priority allocation for on-campus accommodation and be automatically considered for a first semester scholarship. Year 12 students as well as those who have already completed their secondary schooling are encouraged to apply.

Commenting on the announcement, Dr Paul Morrissey, President of Campion College, said, "We are delighted to launch our Early Offer Scheme and provide the opportunity for students to pursue their academic goals with confidence."

"Planning for the future can be hard, especially when students are studying for final exams or working hard to fund their post-school plans; it is our hope that the Early Offer Scheme will provide certainty for the future and help ease the transition to college life."

To apply for the Early Offer Scheme, applicants must provide academic documentation such as Year 11 and 12 reports, proof of tertiary study or STAT results. They must also supply a written statement and a community recommendation before undertaking an interview with one of Campion's academics.

Each stage in the process will allow applicants to demonstrate their readiness for tertiary study, commitment to the liberal arts tradition and potential to make meaningful contributions to the Campion College community based on previous educational, vocational and community involvement.

Campion's Bachelor of Arts in the Liberal Arts (three-years full-time) and Diploma of Liberal Arts (one-year full-time) provide students with an integrated understanding of the events, ideas, personalities and works which have shaped Western culture. Students take systematic study across five disciplines – history, literature, philosophy, theology and science – and develop foundational knowledge and transferrable skills for success in a broad range of professions.

Applications close Friday 8 October 2023. Prospective students interested in the Early Offer Scheme can find out more information and apply online at www.campion.edu.au/admission/early-offer-scheme.
