

Write a Will for free and consider leaving just 1% to support future generations.

Caritas Australia has partnered with SafeWill, one of Australia's leading online Will-writing platforms to offer a period of free will writing for those looking to safeguard their life's work and legacy.

From March 17th – 31st, Australians can write a valid Will online at no cost, from the comfort of their own home on the [SafeWills website](#).

While leaving a gift to Caritas Australia, or any other cause, is not required to access the offer, **Suzannah Zhao, Relationships & Gifts in Wills Specialist at Caritas Australia** said the following to those considering this remarkable act of generosity:

"Imagine a world where your compassion and generosity extend far beyond your lifetime. A world where your legacy lives on, touching the lives of those in need for years to come. This is the remarkable power of a bequest—an authentic and heartfelt gift that empowers Caritas Australia to effect lasting change."

Through bequests, Caritas Australia can offer hope and support to those displaced by conflict, natural disasters, or poverty. The generosity of gifts in Wills can provide secure shelters, warm meals, and clothing to individuals who have lost everything. It can facilitate life-saving access to clean water or equip individuals with the skills to break the cycle of poverty.

Giuseppe Di Simone is a long-time supporter of Caritas Australia. He feels blessed to have been born in a peaceful and prosperous country. To pay this forward, he decided to leave a charitable gift in his Will.

"A bequest to Caritas Australia is a small thing I can leave behind to give thanks to God for the many gifts I've received" Giuseppe said.
