Bishop Greg Homeming: Easter reminds us that we will rise again

This year, Easter occurs at a time of great uncertainty around the world. We're not sure what's happening in world economies, there are places of violence, and many things to unsettle us.

Our time is no different to the time of Jesus, when he died. As he died, there was great uncertainty throughout the community in Jerusalem. They did not know what was happening, but he rose again, and this is what we must believe this Easter. That in the midst of all of this, we will rise again, and that he will be with us.

I wish you all a very happy and holy Easter.
